PROFILE

Learning and Development professional with a background in psychology, facilitations, instructional design, and research. Experienced in designing and facilitating high-impact, outcome-driven learning experiential workshops. Experienced in using tools and frameworks such as Claude Code, Articulate Storyline, gamification, and the ICAD, Blooms Taxonomy, ADDIE, Kirik Partick's model. I bring a structured and analytical approach to problem-solving, with a strong commitment to delivering above-par outcomes. I take full accountability for my work and view mistakes as opportunities to refine systems, while ensuring they are not repeated. I value growth through discipline, reflection, and ownership.
